

Winter Driving Tips

With weather forecasters predicting one of the coldest winters on record and the ski season just around the corner, [car hire specialist Car Rentals.co.uk](#) is warning customers not to be complacent about driving in potentially treacherous snow and ice.

Carrentals.co.uk winter driving tips –

- 1) Slow Down – tripling the distance you usually leave between your car and the one ahead.
- 2) Buckle Up - It is the law in most countries.
- 3) Light Up - Keep your headlights on dipped and be seen.
- 4) Snow Chains - Book your snow chains when you book your hire car to ensure you're covered.
- 5) Top Gears - Reduce the risk of sliding and wheel spin.
- 6) Smooth Cornering - On corners slow down well before you normally would
- 7) Anticipate Braking – The best way to avoid a skid is to anticipate braking
